Comments on Registration

We hereby notify that the Measurement Facility shown in the Certificate is fully examined and approved by the Registration Committee for Measurement Facilities. However, the Committee made the following comment(s) to take into consideration.

We recommend conducting test site assessment within one year of calibrating the active (electronic) measurement equipment to be used for assessment.

The table to support the equipment under test (EUT) in your application will cause excessive reflections above 1 GHz, and is therefore not recommended.

The EUT table top board in your application will cause excessive reflections above 1 GHz, and is therefore not recommended.
